

Wet Chemical

"Class K" - Kitchen Use Extinguisher

Meets NFPA-10 2002 Class K Standard
 Amerex is an ISO-9001:2000
 Registered Firm

- ★ Polished Stainless Steel Cylinders
- ★ All Metal Valve Construction
- ★ Tested on commercial deep fat fryers using ANSI / U.L. test protocol
- ★ Swivel hose connection allows nozzle orientation for an "overhead" application
- ★ Shorter discharge hose assembly making it easier to use in small, confined space cooking areas
- ★ Nozzle grip design with 45° angle for easy application
- ★ Low PH Wet Chemical agent fine mist discharge helps prevent grease splash and re-flash while cooling the appliance
- ★ Precise extinguishing agent application - no dry chemical to clean up
- ★ Excellent for use on all cooking appliances including solid fuel charbroilers
- ★ Tested to ANSI/UL 711 and safe to use on Class C fires
- ★ Bar Coded Labels

Stored Pressure

Model B260

Model B262

U.L. Listed
2A:K

SPECIFICATIONS	WET CHEMICAL	
Application	Hose and Spray Nozzle	
Agent	POTASSIUM ACETATE MIXED WITH WATER	
Model Number	B260	B262
U/L Rating	2A:K	
Capacity	6 liters	2½ gals.
Shipping Wt. (lbs.) (Empty)	17½	20
Height (in.)	19	24½
Width (in.)	9	
Depth (Diam. - in.)	7	
Range (ft.)	10 - 12	
Discharge Time (sec.)	54	80
Standard Bracket	Wall	

(Temperature Range +40°F to 120°F)

WET CHEMICAL extinguishers are the best restaurant kitchen appliance hand portable fire extinguishers you can purchase. Both have been tested and approved for the new Class K listing by UL specifically for restaurant kitchen hazards. They contain a special potassium acetate based, low PH agent developed for use in pre-engineered restaurant kitchen systems. The recent trend to more efficient cooking appliances and use of unsaturated cooking oils dictates the use of a hand portable fire extinguisher with greater fire fighting capacity and cooling effect to combat these very hot and difficult fires. Available in two sizes - 6 liter or 2½ gal. with attractive stainless steel cylinders and easy to use hose and spray application nozzle. The superior fire fighting capability of the Wet Chemical agent is placed exactly where you aim it with no chemical residue to clean up. The Models B260 and B262 are the ideal "KITCHEN USE" fire extinguishers. They supplement existing cooking equipment automatic system protection for an extra margin of safety.

U.L. LISTED - 6 YEAR WARRANTY
